## What is the intention of the GCC?

To be the organization for coordination on Earth.

## What does the GCC offer?

- Coordination with other species/races, to restore our planet, to create Heaven on Earth
- Education about Earth & our Greater Family to learn about us, other species and planets
- Information about sanctuaries, communities and spirituality to live in unity on Mother Earth
- Healing, to be grounded and centered, to be effective with coordination for All
- Giving orientation for All on Earth

## The GCC:

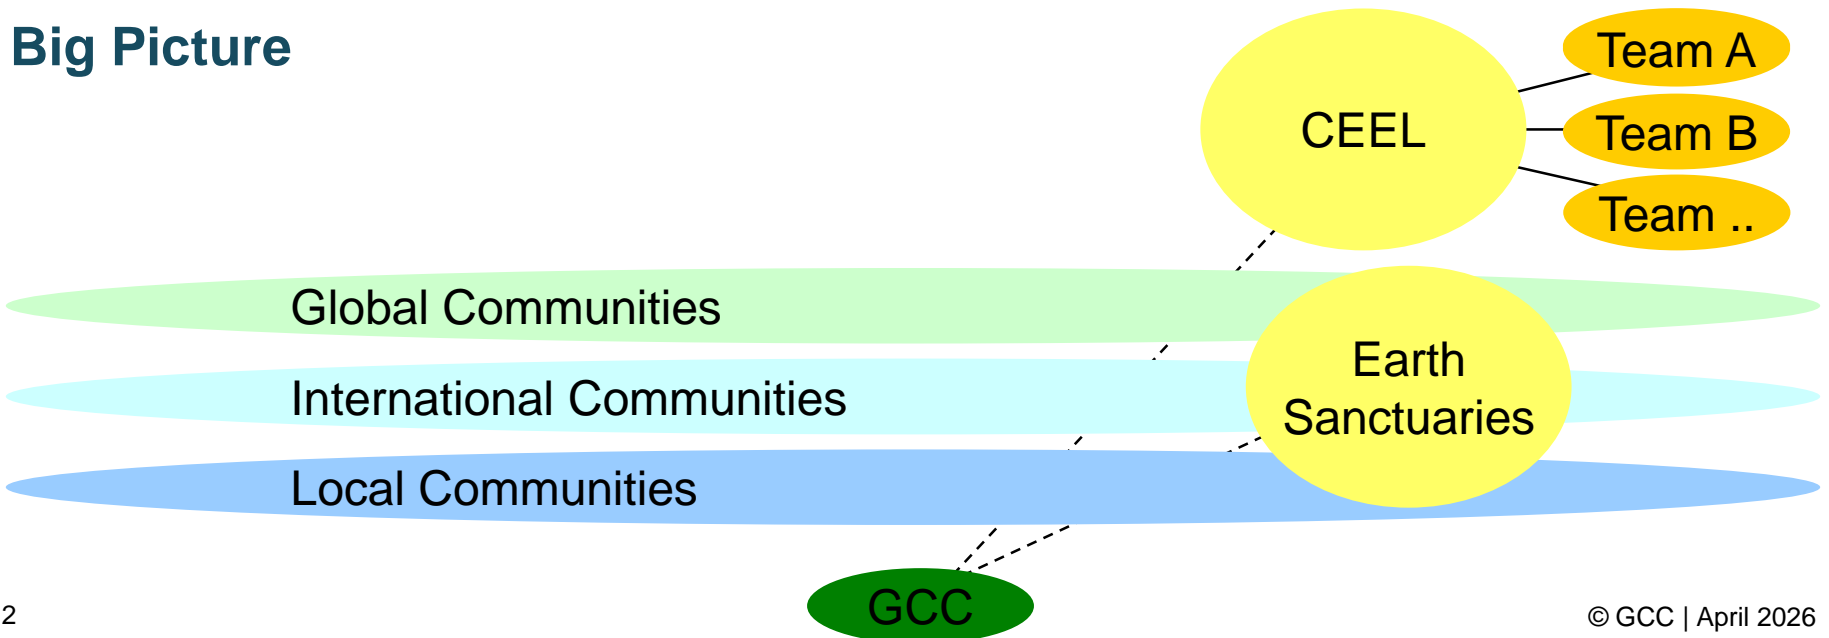

Group coordinating for Earth restoration

- a) Framework / Structure building to unite with CARE
- b) Communities to safeguard the Restoration of Earth
- c) Teams focused on Action Steps and Projects for Humanity

## To Move Forward:

- Resonance within the Group
- Continuous Alignment with Source, Earth & our Greater Family

## Big Picture

# Ground Coordination Center (GCC)

---

The GCC was established as a response to the challenge to coordinate for Earth restoration. Several people in the group have experienced CARE to evolve and seen some movements forth and back over time, while overall tremendous progress has been made, notably to inform the public through UNN news.

- a) The **GCC** group aims to unite with CARE. Victory in the War was declared by Source in early April 2026. Thus all wars are going to end and Peace is coming on Earth.
- b) Considering the Big Picture, education about Earth and communities of people – at local, international and global level – may enable to safeguard the Restoration of Earth. One of the forms of such communities, in alignment with Earth, are spiritual communities or sanctuaries. Thus an **Earth Sanctuaries** group was established. And to connect with our Greater Family, the **Center for Earth Education and Learning (CEEL)** was formed, with the current focus on Galactic Education, to connect with others from other planets close to us and Mother Earth.
- c) All is standing and getting better with good people involved and the abilities every one has to offer. Much focus is on bringing forward actionable steps and projects for Humanity, for the highest and best good of all involved.

Resonance with the group and continuous alignment with Source, Earth & our Greater Family is key. Healing is needed. And to be grounded and centered, to be effective with coordination. The GCC is emerging from a group into an organization.
